

AblereX is a leading manufacturer and global provider of uninterruptible power supplies (UPS) and power quality devices (PQD).

Constantly striving for product innovation and excellence, we have since generated top notch quality-designed products and received industry recognition through innovative research awards and patented technology. AblereX is also the pioneer and only manufacturer of Active Power Filter (APF) in Asia.

If you are driven and committed to lead and support our diverse and expanding business, we welcome you to join the AblereX Team.
