**ABLEREX MAKES EVERY MOMENT COUNT FOR GAMERS AT  
CYBERATHLETE PROFESSIONAL LEAGUE**

*Official equipment sponsor continues to power continuous gameplay through **Blade***

**Singapore, 11<sup>th</sup> October 2005** – **AblereX**, the leading brand of uninterruptible power supplies (UPS) will provide maximum protection for gamers against power surges or failure at the Cyberathlete Professional League (CPL) Singapore World Tour which will be held from the 14 October to 16 October 2005 at The Padang. **AblereX** will attach **Blade, its latest product designed for gamers**, to each and every PC and game console in the 20,000 sq ft. air-conditioned tent that will be the battlefield for gamers.

**Blade** is designed to be the unsurpassable defense for gamers in terms of its configuration and operational function. It gives gamers the time to save their games instead of losing their hard-earned progress in the case of a power failure or surge.

“Continuous power is a must for any gaming meet, especially for a big scale one like CPL, where 108 gamers will be competing with one another,” said Mr Sam Tan, Managing Director, UIS Abler Electronics (S) Pte Ltd. “By supplying **Blade** to the meet, **AblereX** ensures that every gamer in the meet will never have to face a situation whereby they lose their hard-earned progress due to a power failure.”

Since its launch in July this year, **Blade** has been administering maximum support for the local gaming community. In the recent World Cyber Games Singapore Championship, participants were able to compete without the stress of losing their progress with the support of **Blade**.

“We are delighted that **AblereX** is supporting the Cyberathlete Professional League. As the leading UPS designed for gamers, we are confident that **Blade** will provide the best defence against any power irregularities for our participants,” commented Koh Ailin, Director, Edge of Reality Pte Ltd, organizer for CPL Singapore 2005

**Blade** will be available at a promotional price of S\$85 at the **AblereX** Exhibition Booth during the **CPL**. The retail price of **Blade** is S\$89 at authorized dealer shops.

The CPL World Tour is the largest, first-ever, year-long competitive tour that highlights the advancing new sport of gaming competitions. Gaming talents across the world will be battling their way to the Championship Finals which will be held in the United States.
